Greetings!

We thought that you'd like to know that Foster Sealants are being transitioned to 15 litre containers and that a handy 4 litre container of 30-36 Sealfas is also now available.

Benefits of the 4 litre pots include:

1. A more cost effective product for smaller repair jobs
2. Less waste
3. Handy carry size

Technical information can found [here](#) on our website

For more information please contact our office on 02 4735 5699 or via e-mail [info@fminsulation.com.au](mailto:info@fminsulation.com.au)

Yours sincerely,

Karl Ankers
